

Repackaging

QUALITY SERVICE

- MMCAP provides member access to national repackaging and barcode services through its contracted vendors, Remedy Repack and Safecor Health.

Unit-dose strip packaging
Blisters
Bingo cards
Unit-of-use bottles
Cups

Oral syringes
Over-wrap and label application
Foil Packaging
Stockpiling packaging

- MMCAP contracted vendors comply with FDA regulations and cGMP (current good manufacturing practices). They are registered with the FDA and DEA and licensed by the states where members reside, as required.
- Members may have pharmaceutical and OTC products shipped directly from their facility or from their pharmaceutical wholesaler to the vendor for repackaging. Members wishing to ship directly from their wholesaler to the repackager will require a second MMCAP membership agreement.
